e-mail \_\_\_\_\_

We will match visits by our church members by \$1 per person to a maximum of up to \$50 a month. We will make a non-refundable deposit of \$50 that the BCC will draw down on for the match with your members. This will be replenished by the church each month back to the total of \$50 (after the match is taken out).

The church members will have a church partner card that they will bring with them to the Center each Saturday and they will pay only \$1.00 per visit per person.

The BCC will send the church partner cards upon initial start up and then by request as the church needs them. The church will write the members names on the cards and distribute them to interested members of their church.

The BCC will invite suburban churches to partner in this initiative by financially supporting this effort and by working together to transform urban communities.

The BCC will be open every Saturday from 10:00 am - 3:00 pm for use of the facility.

Partner meetings will be held for urban and suburban church partners to pray and develop the Strengthening Urban Churches initiative. It is hoped that this initiative will strengthen urban churches and begin partnerships that will result in transforming urban communities through the power of the gospel.

The initial trial period will go from Feb 10 through April 28 (12 weeks).

At this time we will evaluate how it is going and make decisions about how to continue. It is hoped that we will be able to expand this to include two weekday nights in addition to Saturday.
